TRADE LIST

OF

Healthy and Hardy Deciduous and
Evergreen Trees, Shrubs, Vines, Etc.

BLOCK OF RETINOSPORAS AT MT. AIRY, TRANSPLANTED FOUR TIMES.

Thaddeus N. Yates & Co.
NURSEYMEN

Office, 7356 Germantown Avenue

Nurseries: Mount Airy, Phila.
North Wales, Mont. Co., Pa.

Philadelphia.

COMMONWEALTH OF PENNSYLVANIA.

Department of Agriculture.

CERTIFICATE OF INSPECTION OF NURSERY STOCK.

THIS IS TO CERTIFY, the stock in the nurseries of THADDEUS N. YATES & Co., of GERMANTOWN, County of Philadelphia, and NORTH WALES, County of Montgomery, State of Pennsylvania, was duly examined in compliance with the provisions of the Act of Legislature of Pennsylvania, approved the 10th day of June, A. D. 1901, and was found to be apparently free from San José Scale and other dangerously injurious insect pest or pests.

This Certificate expires July 31st, 1904.

Dated Harrisburg, Pa., August 11th, 1903.

PROF. GEO. C. BUTZ,
Inspector.

N. B. CRITCHFIELD,
Secretary of Agriculture.

 As an extra precaution, we have erected a fumigating house, in which to treat all kinds of stock for those requesting it, but entirely at the risk of the purchaser.

TERMS : Cash or satisfactory reference. 250, 25 and 5 will be furnished at the 1,000, 100 and 10 rates respectively.

CUSTOMERS are requested to state whether they require their goods sent by EXPRESS or FREIGHT. In no case do we assume any responsibility after the goods are shipped.

PACKING will be carefully done in boxes or bales. Charge being made only for actual cost of material used.

VISITORS.—Parties are cordially invited to visit our Nurseries and inspect the stock. The Chestnut Hill trolley passes our office door at Germantown and Gowen Avenues. We are also only a few minutes' walk from both Mount Airy Station, on Chestnut Hill branch of Philadelphia and Reading Railroad, and Allen Lane Station, on Chestnut Hill branch of Pennsylvania Railroad. Trains every half hour.

Anyone stopping at our main office, will be personally escorted to our North Wales Nursery with pleasure.

INSPECTION.—Our Nurseries have been inspected by an authorized agent of the Department of Agriculture of the State of Pennsylvania, and we hold a Certificate to the effect that "the stock is free from the presence of San José Scale, West Indian Peach Scale, Black Knot, Rosette, Yellows, or other injurious insects or diseases that might be transferred on nursery stock from the nursery to the orchard or garden."

Thaddeus N. Yates & Co.

7356 Germantown Ave.

PHILADELPHIA, PA.

DECIDUOUS TREES.

The trees we offer have been several times transplanted and grown in nursery rows, far enough apart to allow them to make strong, fibrous roots, thus insuring success in handling. We can furnish a number of fine, large specimen Deciduous Trees not mentioned. Write for prices or visit our Nurseries and examine the stock.

Evergreens.

The Evergreen Trees and Shrubs we offer have been several times transplanted, consequently have made strong, fibrous root-growth; lifting with large balls of earth which insures success in shipping.

We can furnish a number of fine, large specimen Evergreen Trees not mentioned. Write for prices, or visit our Nurseries and examine our stock.

Rhododendron Catawbience.

By special arrangement with one of the largest growers of Rhododendrons in the United States, who devotes his entire time to the exploitation of a territory of over 12,000 acres, we are able to offer our customers the finest lot of collected Rhododendron Catawbience ever placed in a car. They grow in the open with only an occasional isolated tree and therefore obtain grand development of branches and foliage, are furnished close to the ground and are generally as broad as they are tall. They grow in good loam, inclined to be sandy, and in consequence form a splendid system of fibrous roots and substantial balls of earth. There is no peat containing thin roots, which makes establishing of Holland plants so difficult and which deters so many lovers of Rhododendrons from further planting. The immense number of good plants obviates the necessity to digging any growing in ledges, where a butchering of the roots would be necessary to lift the plants.

You are probably familiar with the success with which Rhododendron Maximum can be taken from their native haunts. Catawbience can be moved with even greater ease and still less perceptible loss where the common precautions of mulching and watering are taken the first season.

These plants will be selected with care, dug by experienced helpers, transported in spring wagons and intelligibly packed in the cars. This painstaking attention to details insures the delivery of plants which can be classed only with English stock, but with an appreciable saving of prices.

It is quite impossible to give the exact number of plants in any one single car, as that greatly depends upon the size of the clumps, then again upon the pliability of the branches, etc., etc., but the following estimated table will serve as an approximate basis for calculations.

We will deliver these plants, freight prepaid, in carload lots, and including all charges for bagging, decking, etc., at the following prices.

Size of clumps.	Approximate number in car.	Size.
12 to 18 in. x 15 to 18 in.	900 to 1200	\$ 37.50 per hundred
18 to 24 in. x 18 to 24 in.	700 to 900	45.00 “ “
24 to 30 in. x 24 to 30 in.	400 to 600	75.00 “ “
30 to 36 in. x 30 to 36 in.	250 to 350	125.00 “ “
36 to 38 in. x 36 to 38 in.	100 to 150	250.00 “ “
48 to 60 in. x 48 to 60 in.	75 to 125	400.00 “ “

5 per cent. discount on three cars, 10 per cent. discount on 10 cars, special figures on larger lots.

You may consider the above description of these Rhododendrons a little exaggerated. If you have the least doubt that what we say is not exactly true, we would be pleased to forward a small lot of these plants as a sample, giving you advantage of the carload lot prices, also prepaying the freight, only charging for cost of packing, as we feel positive of receiving an order from you the moment the samples are received.

Rhododendron Maximum.

For those desiring a cheaper Rhododendron, we can furnish the native Maximum in car-load lots, as follows:

Plants ranging from 3 to 5 ft., \$125.00 per car, containing from 125 to 165 plants.

Five or more carloads, \$115.00 per car.

Plants from 2 to 3 ft., \$135.00 per car, containing from 200 to 250 plants. This price is F. O. B. our shipping point.

Kalmia Latifolia.

We can furnish the above in carload lots as follows:

Plants from 1½ to 3 ft., good, bushy, well furnished specimens, car containing about 400 plants, \$150.00 per car, F. O. B. our shipping point.

Vines and Climbers.

All our vines, whether field grown or from pots, are extra strong, thrifty plants, and as we grow in very large quantities we can offer them at exceptionally low prices.

" \$60.00 and not exceeding \$ 75.0025 cents.
" \$75.00 and not exceeding \$100.0030 cents.

Memoranda of Issuing Postmaster:

NOTE.—The maximum amount for which a single Money Order may be issued is \$100. When a larger sum is to be sent additional Orders must be obtained. Any number of Orders may be drawn on any Money Order office; but, if Orders are drawn in excess of \$100 on any one day upon an office of the 4th class, notice of the fact by letter (or Form 6037) is to be promptly sent the Department by the issuing Postmaster so that provision may be made for payment.

Applications must be preserved at the office of issue for four years from date of issue.
